Important Reminders

Check with your providers

The information contained in the provider search is subject to change at any time. Therefore please check with the provider before scheduling your appointment or receiving services to confirm he or she accepts GEHA coverage. Not all providers are considered participating in-network providers at all locations in which they practice. It is the member's responsibility to verify with the provider, prior to services being rendered, that the provider is a participating network provider at the location services are being rendered. In addition, not all services performed at a participating provider's office are covered services. It is the member's responsibility to verify coverage of services. Participating physicians, hospitals, and other health care providers are independent contracts and are neither agents nor employees of GEHA. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

Services

To find an in-network lab, click on Other Services Search. To use the Lab Card benefit, you must show your Lab Card ID card and request the benefit. To find an approved collection site near you, call 800.646.7788 or visit labcard.com.

Chiropractic care

Chiropractors are not listed in the Doctor Search because GEHA pays the same scheduled benefit for chiropractics in or out of the network. For more information on chiropractic benefits, see the GEHA Plan Brochure at geha.com/planbrochure.

Mental health

If you are searching for a mental health provider, please be aware that certain specialties are not listed in the Doctor Search. For a more extensive list of mental health providers, please contact Customer Service at 800.821.6136.
