Check with your providers

Not all providers are considered participating in-network providers at all locations in which they practice. It is the member's responsibility to verify with the provider, prior to services being rendered, that the provider is a participating network provider at the location services are being rendered. In addition, not all services performed at a participating provider's office are covered services. It is the member's responsibility to verify coverage of services.

Disclaimer

Utilization of one of the listed providers is NOT a guarantee of payment. Payment is subject to the terms and limitations of the provider agreement and the member's benefit plan, and subject to the member being eligible at the time services are provided or anytime benefits are obtained. GEHA reserves the right to deny reimbursement in the event of fraud or misrepresentation or if there is a material change in facts and circumstances that varies from the information provided.
